

Memento Mori (Miss Henry Cozy Mysteries Book 6)

Memento Mori is the sixth installment in the Miss Henry Cozy Mystery Series. Juliet Henry has seen many strange things in her life but nothing prepared her for the Memento Mori Museum in southern California. While she assists Esteban in preparing a display of his bone puppets for the gala opening of the modern death art wing of the museum, a murder takes place and a mummy goes missing. The press is ready to blame the killing on a mummys curse, but Juliet knows the killer is mortal and likely to strike again.
